WRA 110 - Writing: Science and Technology
Final Portfolio

One of the assignments for the class is to build a portfolio that showcases your work in the course throughout the semester.

Requirements for the portfolio:
- Web version of Lived Experiences Project is present, complete, and properly formatted.
- Web version of Cultural Analysis Proposal is present, complete, and properly formatted.
- Web version of Formal Research Project is present, complete, and properly formatted.
- Web version of Multimedia Remix Project is present, complete, and properly formatted.
- Web version of Course Retrospective Project is present, complete, and properly formatted.
- Blog is present, complete, and properly formatted.
- Design is customized, unique, and adheres to the principles of design.

The portfolio is due on the day of the final.
